

6TH GERMAN ACERMEETING IN BRAND-ERBISDORF

This is the report about the last acermeeting in Germany and the first one in 2004. The fans in Germany love to meet each other from time to time and it is still great, that more and more fans were joining the acermeetings ...

The 6th German acermeeting took place in the "famous world-metropole" Brand-Erbisdorf ;o) - it is a little town nearly Dresden and is the hometown of Dirk Böhme, who is responsible for the German website of Ace of Base - www.acerdom.de! It is becoming more and more a tradition to choose the hometowns of the acers to know more about themselves and their background. But now it is time to start the story ...

Ines is presenting the Acerdisco

The first day - it was the 30th January 2004 all the fans arrived gradually to the accommodation in Brand-Erbisdorf, called the centre of the youth. This accommodation had enough stuff for the entertainment, but our main topic was: "Ace of Base is in your mind"!

Initially we talked about news in the Acerdom, the "Acer`s world". After an extended lunch-time the

Nadine, Jesse and Tino

acers were surprised with the personal notes of Jenny. Everybody was delighted and grateful to get something special from one of the Aces ... we are always fascinated anew about Jenny's poetic streak!

6TH GERMAN ACERMEETING IN BRAND-ERBISDORF

Dirk, Andrea, Nadine and Ines were dancing ...

With good feelings we started the first stage of our meeting - bowling! We all tried our best, but we were so ... let's say ... not so good ... it's not so easy to dance, sing and bowl at the same time ... TRY IT OUT!!! ;o)

A smile was the first what we could see at the next morning in the faces of the acers. I believe "Carry on smiling and the world will smile with you" is more than just a sentence for acers ...

Enough snow tempted us to create 4 nice snow(wo)men, called Ace of Base!? Wouldn't you agree ... Don't they look cute? ;o) Furthermore we tried to get back our childhood and took our toboggans and sledged down a big hill, the so called "hill of death" - very dangerous, but acers are brave ;o) ... we're "Living in Danger"!

After so much dangerously moments and wet clothes we had to prepare ourselves for the final event - the Acer-Disco! Can you imagine, that we could dance to 3 and more songs in row of Ace of Base - YES - they were playing Ace of Base every half hour!!! ;oD But that was not enough ... I stood on the bar ... waiting for a drink, called "Coconut Kiss", and the first beats from "All that she wants" boomed out of the boxes and "non-acers" started to sing along the song ... and that was not the last time they did it! More than 5 hours we stayed at the discotheque and the dancefloor, which was filled with acers and "non-acers" - dancing and singing to ACE OF BASE! It was simply FANTastic, GREAT ... !!!

After a long night and lots of emotions and memories we started the day extremely tired, but 6 fans got a present and were happy about the content - a single-CD with original autographs from the acers ... the weekend was perfect!

But now it was time to set out, sad but true! With good memories to this great weekend the acers left the accomodation and are waiting for the next meeting ...
